American involvement, Southeast Asia has tended to cover up a growing problem much closer to home—Communist Cuba and the renewed Soviet activity there.

We all remember the great Cuban Missile Crisis of 1962, when President Kennedy suddenly put his foot down, and the Soviet Union backed off from building missile bases in Cuba.

It's nice to remember that crisis, and smart to remember all such historical examples of Soviet aggression, but the Nixon Administration may be courting disaster in putting blind faith in the so-called "understanding" between the two countries that came out of the confrontation.

First of all, assuming the Soviets would honor an agreement of any kind, and I have never made such an assumption—no written agreements or exchanges with Russia were made on the subject of future Soviet military activity in this hemisphere.

President Kennedy said only in a press conference that "if all offensive weapons are removed from Cuba and kept out of the hemisphere under adequate verification and safeguards and if Cuba is not used for the export of aggressive Communist purposes, there will be peace in the Caribbean."

That was in 1962. Here in 1971, Russia has almost completed construction of a submarine base, capable of servicing missile-carrying subs, at the Cuban port of Cienfuegos. During a top secret briefing I saw a photograph taken of the base.

When this latest bit of Soviet deception became known to Washington last September, the administration quickly took Russia to task about it. Where upon the Soviet News Agency, TASS, presumably

one non-critical nuclear plant is said to be already in operation and another with the capacity of producing military quality fissile material should become operational this year.

The Soviet Union is estimated to have between 20,000 and 22,000 soldiers in Cuba, and they conduct regular maneuvers throughout the island.

The Cuban underground reports that an important Soviet Army military complex is being developed in the mountains of La Caba, containing underground installations, artillery emplacements, wire fences, and the like.

In order to avoid detection from aerial surveillance, the Soviets are planning to build a military base in Cuba which would "contradict the understanding of 1962."

The Soviets made a token gesture in that direction by moving a large submarine tender from Cienfuegos and out into the Caribbean for the moment. Yet, construction of the sub base could still be going on.

If the President is so assured, he obviously is paying little attention to the recent report of three respected members of the Cuban Watch Committee on Cuba, composed of representatives of the more than 600,000 exiled Cubans living in this country.

The report was pieced together from intelligence reports, including some only in a press conference from the Cuban underground source have been reporting Soviet activities at Cienfuegos since 1968.

They report that the Russians are modernizing the harbors of seven cities on the Northern coast of Cuba, including Cienfuegos, Matanzas, and Sagua la Grande.

Matriz, 20 miles west of Havana, already has submarine pens that are operational, and construction crews are working day and night at Balbar, and at Cienfuegos.

The Nuclear Institute in Matanzas reportedly now has some 700 Soviet technicians on its staff, and the Cuban government is negotiating with Russia to build a nuclear power plant at Cienfuegos.

tions, except certain naval facilities. In many of her 13 Polaris-type submarines, the Russians are doubling their nuclear submarine capability right outside our door. Need anyone really ask why? I submit that it is time to evict the Soviet Union from the Caribbean a second time.

Trade School To Begin New Term

Classes at MacArthur State Technical Institute were suspended for a few days on Wednesday, March 17, The Spring Term will begin with the resumption of classes on March 22.

New classes will begin in nearly all departments: Business Education, Practical Nursing, Barbering, Data Processing, Drafting, Auto Body Repair, Auto Mechanics, Diesel and Heavy Equipment Mechanics, Refrigeration and Air Conditioning, Radio and Television Repair, Industrial Electricity, Electronics Technology, Upholstery, Trowel and Trades and Welding.

The next cosmetology class will begin on July 12.

Several departments have nearly reached their enrollment capacities and will admit only two or three students on March 22. It is desirable for interested persons to apply immediately.

Applications for admission are now being taken for the summer and fall terms. It is imperative that a person apply early to be assured of a place in the department of their choice as there are waiting lists for these terms in nearly every department.

The Data Processing Department has recently added an IBM computer which enables Data Processing students to be trained in computer programming and operations. Job opportunities in this field are excellent.

MacArthur Tech is accredited by the Alabama State Department of Education. It is an affiliate of the Southern Association of Colleges and Schools and is approved for training of veterans.

2 From Elba Make Dean's List At Enterprise

Of 161 students enrolled, a total of 56 students at Enterprise State Junior College have been named to Dean's List for maintaining a grade point average of 3.5 or better during the last semester.

The local doctors and Health Department Nurse will give each child a complete physical examination, and it will be helpful if you will reassure the child about the coming of the singing services.

Reverend S. P. Bostic will be the Evangelist for revival services at The First Assembly of God, West Simmons Street, Elba, March 24-27th.

Reverend Bostic was formerly engaged in full time revival work, but is now pastoring in Milton, Florida. He has many friends in this area, according to the Reverend J. C. Burks, pastor of the church.

Special music and singing will be a feature of each service, beginning at 7:15 p.m.

DONATIONS BEING TAKEN FOR FAMILY

On June 22, 1969 the George Dismukes family, Mr. and Mrs. Dismukes and their three small daughters were returning home to New Hope Community from Phoenix City, Alabama, when their car was hit head-on by another car. All five members of the Dismukes family were hospitalized. The father and mother and two of the girls were seriously injured.

Today, twenty-one months later, Mrs. Dismukes is in a semi-conscious condition in the Nursing Home at Troy. The father and one of the daughters are in need of surgery, yet the medical expenses have exceeded \$30,000. The end to this tragedy is not yet in sight.

A special fund has been set up in the New Hope Baptist Church as an effort to obtain assistance for this family. Checks or donations should be marked the Wanda Dismukes' Charity Fund and mailed to Mr. Anglin Pittman, Treasurer, Route 2, Brundage.

EHS REPORT

French Club Places 2nd In Exhibits

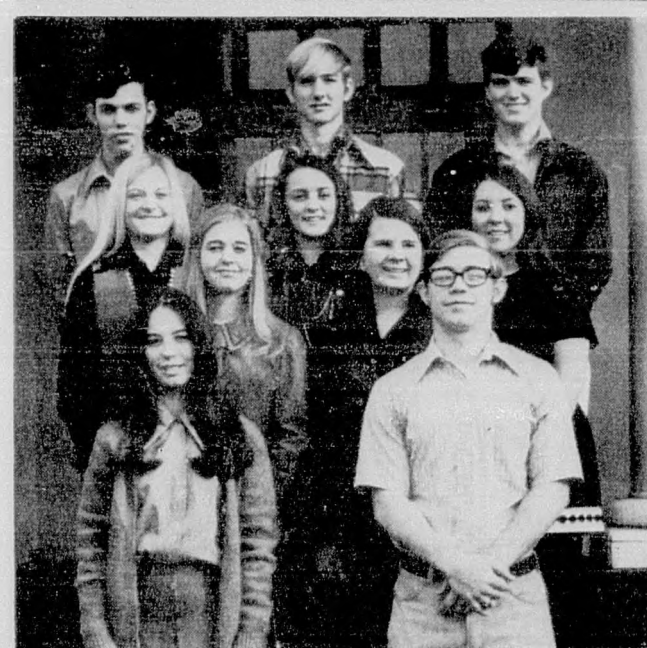

SENIOR OF THE WEEK

Our congratulations go to Mark Wise for being chosen as 'Senior of the Week.' Mark's favorite teacher is Mrs. Brundidge and his favorite class is chemistry. Mark is a member of the Math Club. He likes all sports and is on the basketball and baseball teams.

MARK WISE

Mark's opinion of our school is that it probably isn't the prettiest building around, but it gets the job done just as well as any other school. Mark thinks that our school would be a better place to live if one would take more pride in the appearance of the campus and the inside of the school building. After high school he plans to go to college and go into some part of the medical field. Mark thinks a girl should take pride in herself and look her best at all times.

Highlights Of Recent

Beta Club Convention

On Friday morning, March 5, 1971, Lucia Stephens, Terry Martin, Harriette Bullard, Vicki Vaughan, Susan Sanford, Edna Carr, Barry Brock, Wayne Windham, Wendall Bedsole, Marion Price and Mr. J. W. Sharpless left for Birmingham, Alabama, to attend the 31st annual Beta Club Convention.

Meetings were attended Friday night, Saturday morning and Saturday night. Beta Club members were privileged to hear Dr. David Matthews, president of the University of Alabama, speak on Saturday morning.

Those attending thoroughly enjoyed the meetings and brought back many memories. Highlights: Marion Hill, a pigeon; Terry's toenail; Marion and Barry fell in love; Marion and his bottle; Wayne and his late hours in another room; Harriette and her wall flowers; Lucia and her key; Vicki and Marion's glasses; Susan and the maid; Edna and the washcloth.

New Members Welcomed By Beta Club

The Elba Beta Club welcomed 30 new members into its club. These new members who were from grades 9-12, had to have and maintain a B semester average. Each new member received a pin certificate, a membership card, and a small pinant.

French Club Attends Annual Convention

Thirty three members of the Elba High School French Club attended a French Club Convention at Tuscaloosa on March 5th and 6th.

The group left Elba at 8:15 a.m. and reached Tuscaloosa about 12:30 p.m. The Headquarters for the convention was the Ramada Inn downtown Tuscaloosa. We also had rooms for our group there. After a quick look at our rooms, we ate lunch in the cafeteria at the Ramada Inn.

At 3:00 we had "Group Discussions" held at the Tuscaloosa First Baptist Church. We had a choice of four meetings in which we could attend. They were: 1. Meet some foreign teenagers; 2. French Clubs in Action; 3. Career Opportunities for the College French Student; and 4. France Actual (a discussion to be conducted in French).

Our group chose "French Clubs in Action." Along with about 5 other school French Clubs we

discussed what our clubs did to make money and what causes we used for. We also talked about the different constitutions each French Club had. We then attended a General Assembly in which all the delegates met together. Martha George, a member of Sidney Lanier High School, president of the assembly, presented the book "Hill High School in Birmingham" did the secretarial report. The invocation was given by Technia Robinson, a student from Selma High School. The announcements were given by Mr. James L. Nisbet, Director of Educational Services for High School Students, University of Alabama. Members of Elba High School, Miss Vicki Taylor and Miss Cyndi Stokes were the song leaders at the assembly. After singing, songs in French, a reporter from each of the discussion groups gave a report on what they discussed in their groups.

We attended a banquet in the ballroom at the Ramada Inn at 6:00 p.m. A last meeting. At this meeting, welcome speech was given by Dr. Charles Beaumont Wicks, Professor and Head of the Department of Romance Languages, University of Alabama. John Carroll High School entered with French music and singing. At 9:00 a.m. on Saturday, March 6th, the general assembly meeting was held at Tuscaloosa Junior High School. Skits spoken in French were given by several schools.

At 11:30 we attended the last meeting. At this meeting, the presentations of awards were presented. Elba High School placed 2nd in Exhibits. Our exhibit consisted of portraits of famous French people drawn by various students and friends of the French Club. A map was also drawn and the birth places of these famous people were placed in it. The group had an enjoyable, as well as inspirational trip.

WHAT IF

--Everyone at the French Club Convention understood what was going on.
--Charles Ross Ellis was really running for President of U.S.
--Everybody at EHS came down with a sleeping disease.
--John Waddall didn't pester everybody in home room.
--Diane Kidd was called Diane Goat.
--Mr. Hickman never called Sandra Bryan "cray".
--Nobody ever got kicked out of English class.
--Diane Pope's penpal was road-looking.

THIS IS THE NEW emblem that will soon be appearing on the Cozy Forest Ranger Gordon M. Drewery's vehicles and forest fire suppression units. The new emblem is green outlines in black on a bright gold background, and the two outer circles are green and black. The descriptive new decal is highly reflectorized for easy nighttime identification.

REMEMBER WHEN

30 Years Ago

The Elba Clipper . . . March 20, 1941

Miss Lucille Combs, Mrs. Margaret Halre, public Health nurses connected with the county unit, opened Health Week activities in Coffee County Monday by beginning a campaign of visitation to the schools in order to examine children reported to have defective vision.

Mr. and Mrs. James Polson and little daughter, Rachel, left Sunday for their home in Cullman after a few days visit with relatives in Elba.

Mrs. D. F. Prescott entertained a large group of children at a delightful party in her home Friday afternoon, honoring her little grandson, Thomas Glenn Prescott, on his fourth birthday.

The Elba Chapter of FFA met in the high school auditorium Thursday, March 13th, with the president, Grace Moore, presiding.

Mrs. C. E. Dorsey entertained the Business Women's Circle of the Baptist W.M.U. for its annual birthday banquet in her lovely home Monday evening, March 17th. The circle was organized four years ago in the Dorsey home with Mrs. J. A. Timmerman as chairman.
